

Dear Parents,

If you, or anyone in your immediate family/circle are going for a covid test, you need to keep your children at home until a **negative** test result has been **confirmed**. Test results need to be sent through to the school.

Please follow the same protocol if you have been in contact with any circle of friends who has been tested positive or have any illness symptoms.

If your children are sick or display **any** illness symptoms, you need to keep them at home for **at least 10 days, or obtain a covid test**, to be sure he or she is negative. Please remember if you test too early it can result in a false-negative. The best time to test is 4 days after symptoms present. This advice comes from a reliable, trustworthy, and well-informed health care practitioner.

Unfortunately, we cannot accept ANY children at school who have had cold or flu symptoms without a negative covid test result, or after being in isolation for 10 days, even just a runny nose.

No exceptions can be made, to avoid school closures and to ensure the safety of everyone concerned.

Further continuous protocols to be in place at school and followed by staff, visitors, and children:

1. Ongoing wearing of masks, including during play time, exercise, snack, and lunch times. We will have snack times where we sit 1.5m apart when we take off our masks to eat.
2. Ongoing sanitizing, screening, and air ventilation in all classes and when entering the school building.
3. Desks in classes to be arranged to the best of our discretion to have minimal facial contact and distancing.
4. Desks will be spread as far as possible from each other, and all windows/doors will be open for sufficient ventilation.
5. Learners will not share any books or stationery.
6. Learners will sit at the same desks every day.
7. No games that require physical contact will be allowed to be played during play time.
8. Please sent own food utensils and own water bottles. No plastic cups from school will be allowed.
9. Please assure your child as an extra mask in his/her bag.

Please fill out below return slip.
